

Batch Not Found

We had provided the feature for nodal login for the batches.

After login go to Manage Masters -> Division/Units then click on "Fetch or Update Batch" button.

See attached screenshot.

The screenshot displays the 'MSSDS Attendance' web application. The main content area is titled 'Manage Masters' and shows a list of 'Division/Unit within Organization' entries. A search bar is located at the top of the list, and a green button labeled 'Fetch or Update Batch' is circled in red. The table below contains the following data:
